

# Bradfield Organics™ Fertilizers

## Features and Benefits

- SAFE for people, pets and pasture animals.
- Made of all feed-grade components.
- No, sludge, manure, or other waste products.
- Will not burn lawn if over-applied.
- Soil fertility improves year after year with continued use.
- Can be applied anytime-hot, cold, wet, dry-makes no difference.
- Non-polluting & not water-soluble. Will not end up in ground water, lakes and streams.
- All Bradfield Organics™ Fertilizers also contain the many micronutrients essential to plants which are not found in commercial fertilizers.

## Product Usage

### Perfect Pasture and Farm™ 4-1-4 (50# bag)

For customers with pasture, large lots, commercial property (schools, parks, etc).

Pellets spread easily via cyclone (commercial) spreader.

Animals can be turned out immediately after application.

Water briefly to keep animals from eating product. Watering is a desirable option but not a necessity.

### Luscious Lawn & Garden™ 3-1-5 (40# bag)

For customers with typical house-size property and house plants.

Can be used on lawns, plants, shrubs, flowers, fruit, roses, trees, etc.

Children can play on lawn immediately after application.

Granular particles spread easily and smell good-either dry or wet!

### Luscious Lawn™ Corn Gluten 9-0-0 (40# bag)

Great for “greening up” lawns via high quality slow-release nitrogen.

Great for lawn and turf quality.

Granular pellets spread easily.

**Caution:** Do not apply to areas when planning to seed within 60 days. Root systems from newly germinated seeds tend to wither in the presence of corn gluten.

### Tasty Tomato™ 3-3-3 (25# bag)

Will grow tomatoes rich in vitamins, minerals and antioxidants (lycopene).

Great as a Starter for other plants.

Creates pest and disease-free tomato plants.

Use 1 (25#) bag for up to 8 plants being planted for the season.

### Vibrant Veggie™ 2-3-6 (25# bag)

Use 2 (25# bags) for up to a 10' x 100' plot being planted for the season.

Excellent all-purpose fertilizer for mixed-plant gardens.

Lower nitrogen-to-potassium ratio to encourage fruit and seed growth over vegetative growth.

Higher potassium helps regulate water retention and loss.

PREMIUM ORGANIC FERTILIZERS

## Application Chart

	Perfect Pasture™	Luscious Lawn & Garden™	Luscious Lawn™ Corn Gluten Use only for 2 to 3 years	Tasty Tomato™	Vibrant Veggie™
Applications	1 acre 42,500+ sq ft	.25 acre 10,000 sq ft	.25 acre 10,000 sq ft	Up to 8 plants	Up to 10' x 100' plot
First of Spring	8 bags	5 bags	5 bags	8#	1 bag
90 days (Last Spring)	8 bags	2-3 bags		8# (45 days)	½ bag (45 days)
90 days (Last Summer)		2-3 bags	5 bags	8# (45 days)	½ bag (45 days)
90 days (Pre-Winter)	8 bags optional for two years	2-3 bags optional for two years			

Both Luscious Lawn™ 9-0-0 Corn Gluten and the Luscious Lawn & Garden™ 3-1-5 can be used together (quickest way to a 5 star yard) or alternated in our Organic Yard Program.
